

QUESTIONS

1.0 General Written Questions

1.1 SAM Registration process

This registration is mandatory to all American embassy clients, to help with the registration; you need to send an email to the address which is provided in the scope of contract. Since we are already engaged on the existing pool maintenance contract may I take it that we have already availed ourselves of this registration or is this something new? **Yes it is something new but has been there for a while now. If you have never registered in SAM even if you are currently providing services to the U.S. Government, you are required to register in SAM as an award won't be made if registration is not done.**

1.2. When you say bi-weekly in the solicitation did you imply once every two weeks or twice a week or both. **We meant once every two weeks.**

Oral Questions

No oral questions were sent on or before the due date.
